ALL SORTS.

—Are you going to the G. A. R. Encampment?

—WANTED—A girl to do general housework. Apply at this office.

—Col. Parker will lecture at the Opera House this evening on education.

—Dr. E. B. Harris is reported to be in the Napa Asylum of softening of the brain.

—The Truckee Republican says: John MacKay and W. S. Hobart are expected to be guests at Webber Lake in a few days.

—LOST.—Between the Arlington Hotel and the Opera House, a ladies' gold pin, sapphire stone, bug setting. The finder will be rewarded by leaving it at this office.

—John Weiss of Bullion is mentioned as a probable candidate for the State Senate in his county. Mr. Weiss once served Humboldt county in that capacity of a Legislature.

—The curative power of Ayer's Sarsaparilla is so well known to require the specious aid of any exaggerated or fictitious certificate. Witnesses of its marvelous cures are today living in every city and hamlet of the land. Write for names if you want home evidence.

The most deadly foe to all malarial diseases is Ayer's Agree Cure, a combination of vegetable ingredients only of which the most valuable is used in no other known preparation. This remedy is an absolute and certain specific, and succeeds when all other medicines fail. A cure is warranted.

—Monday brought a series of successes for newspaper men. The Alta's representative was arrested for attending, professionally, a prize-fight, which loathsome exhibition he was compelled to report. The Post reporter was downed in a catch-as-catch-can with the State Senate, and an Examiner man was east in a dungeon for contempt of Court.

—Following the example of her brethren in Chicago, the Knights of Labor in New York have determined to purge their ranks of all Anarchists, Socialists and Communists, and have served notice to that effect on the cigarmakers of that ilk. This is a sensible proceeding, and the Knights should carefully guard their portals hereafter to keep such unworthy elements out of their society.—Virginia Chronicle.

—Cholera dysentery and diarrhea come with the Summer imprudence in fruit diet. Infection and sudden checks of perspiration cause these complaints. On the first symptom take four or five Brandreth Pills and drink plentifully of hot water and you are safe. If you wish to render the body a fortress against disease take one or two Brandreth Pills every night for ten days and thus remove from the bowels all irritating substance and purify the blood.

A Mistake Somewhere.

As a rule Chicago's meat is St. Louis' poison, but in one instance, the rival cities have agreed to agree. The editors of their great dailies unite in praise of Sells Brothers' Shows. The Globe-Democrat, of St. Louis, following in the wake of the Chicago Tribune, Inter-Ocean, News, Times and Herald, says:

"It can be said for the Sells Brothers with perfect sincerity, that they give a far better performance and present a better programme under canvas than they put on the walls or in the advertising columns of the newspapers. All who patronize their show will be pleased beyond their expectations, and this is saying a great deal for a circus."

Good enough! For once Chicago and St. Louis are of one mind.

It is hardly necessary to remind our readers that Sells Brothers' Enormous Railroad Shows will exhibit at Carson City, on Friday, August 6th.

The Democratic State.

This is the Democratic slate as far as heard from:

Adams for Governor; Belknap, Supreme Bench; Cassidy, Congress; Schooling, Treasurer; Peter Dunn, Controller; Brady, Secretary of State; Healey, Attorney General; J. J. Hill, Clerk Supreme Court; Ernst, Surveyor General; District Judges; Webster of Reno, Reeves or Eureka, Sewell of Esmeralda.

BY GRAPEVINE TELEGRAPH.

Latest Political News From All Over the Coast.

The APPEAL office has recently made arrangements with Wiedbag, Blowhard & Co., of the Grapevine Telegraph Line, to furnish its readers with the latest political news from all parts of the Coast, to the exclusion of all other papers in Western Nevada. Any paper stealing these dispatches will be treated accordingly.

Fair Announces Himself.

SAN FRANCISCO, July 30.—The Post will announce this afternoon that Arthur McEwen had an interview with Senator Fair on the Nevada campaign. McEwen and Fair are old friends, and under a promise of not mentioning it in the paper, Fair told all he knew. He stated that at the present time his business interests were of such a character that his old alliance with Stanford on the Liquor License bill would not materially affect the status of his cable road relations with the Oakland wharf or the Garrard-Adams faction in Nevada. Of course, under these circumstances he might consider the advisability of another assessment on the Cassidy faction in Eureka, but otherwise not, and still of course he made no concealment of the main facts. He was yet considering the record proposition however and would speak more positively in a day or so. The news creates great excitement at the Palace Hotel.

Foreman Fired.

VIRGINIA CITY, July 30.—The rumor that Gen. Foreman is no longer sack bearer-in-chief to Fair is confirmed. It is authoritatively stated that the Miners' and Mechanics' Union served the Central Committee with a written notice to bounce Foreman at once, as their interests were inimical. The order of dismissal was signed by J. C. Hagerman, James G. Fair and Col. Stone. This is because of Foreman's attitude on the Military Bill. The identity of the new sack bearer is still a mystery.

An Important Conference.
LOWER GOLD HILL, July 30.—It was rumored this afternoon that Rollen Daggett was in the city all day closeted with Sam Jones arranging a racket to throw the ward against Stewart. Two pots of beer were passed in during the afternoon. The limited amount of beer consumed is regarded as an indication that the two were very earnestly engaged. Daggett in coming out said he had it in black and red.

Anti-Powning Plot.

RENO, July 30.—After Stewart's lecture on Educational matters last evening he was seen in close confab with Muleaky the soap man and the interview is considered of great importance here. During the conversation he threw his thumb over toward Powning's residence and it is thought that he intends moving it to Carson for political effect.

Powning was telegraphed to in Washington and Judge Boardman hired to watch the house during Stewart's stay.

ADAMS AND HARDIN.

Adams Likely to be the Nominee.

The withdrawal of Winters from the gubernatorial race leaves the fight between Adams and Hardin. Adams friends claim that he has the West and Hardin's that he has the East.

There are 61 delegates in the East and 64 in the West. Adams however has Nye county and a part of Eureka. He will be beaten in Washoe but claims Storey solid. In Storey Canavan's friends are working against him and say that they will split the delegation. Adam's men claim Douglass and Lyon which will give him the nomination. Ormsby is claimed by both sides but the chances are that it will split as it did before.

Reeves, Perry and Saddler are fighting Adams in the East, tooth and nail, but it will surprise no one to see him stay by his stock of luck and receive the nomination at Elko.

A Hope Yet Left.

WASHINGTON, July 30th.—Chairman Belmont, of the House Foreign Affairs, Committee, said to the Post correspondent, this afternoon: "Before Congress adjourns, I shall make an attempt to secure the passage of the Chinese Restriction act. I cannot say whether it will be successful or not, but the chances are exceedingly bright."

FAMISHED DEMOCRATS.

How they Fasten their Fangs In to the Candidates.

The Virginia Chronicle, commenting on the withdrawal of Theodore Winters from the gubernatorial fight says:

"Mr. Winters intimated in conversation with an intimate friend that the numerous letters he has received from prominent men asking for coin thus early in the fight had influenced him to indite his letter of withdrawal from the contest."

The report down here was that Adams cunningly had parties out inducing men to write to Winters for coin for the purpose of frightening the old man out. It seems to have had the desired effect.

Fair is also having a unique experience. He has said over and over again that he had but five hundred men to buy up, and has sent his coin to a few chosen ones here and there, and left the "rack and file" out in the cold. This has incensed the aforesaid r. and f. and they boil with patriotic anger against Jeems.

"Why," said one man in Carson yesterday, "buying votes is a crime under the statutes, and if the Democratic party backs Fair in this sort of proceedings it makes us all accessories. I'll not stand this outrage on the purity of the ballot box."

As the very same speaker was handling some of Fair's coin once before, the inference is that his sudden spasm of political morality comes from the non-arrival of Fair's twenties.

In all the counties of the State there is a waiting and gnashing of teeth because Fair has failed to stand in with the old war horses and has allied himself with new agents.

It makes a tender hearted man weep for his country to see these things.

White Hands on Hops.

A strong effort will be made by the Mendocino hop-growers to keep John Chinaman out of the hop fields this year. In order to do this they must be successful in procuring enough white help to harvest the crop. Several hop growers have been about town this week engaging pickers, and all seem encouraged in this section by the number of people in this section who have volunteered to go. The labor of hop-picking is a light and pleasant task, and the exercise and health to be gained by camping and working in the open air and inhaling the odor of new hops will draw many people who are comfortably fixed to the hop fields. Conveyances will be furnished gratis to carry parties to the fields, suitable camping grounds will be located, and large patches of watermelons have been planted for the benefit of pickers. The large floors of the hop-houses will be cleared twice a week for dancing, and no effort will be spared by the growers to make the hop-picking season one of enjoyment and gain to their employes (or rather guests, for they are treated as such).—Cloverdale Reveille.

Holding by Courtesy.

WASHINGTON, July 30th.—A conference of Republican Senators was held today, in which the California Senatorial muddle was fully and freely discussed. All the Senators present agreed that, as the California Legislature had failed to elect a man in place of Hearst, the latter was holding his place merely by the courtesy of the Senate. It was also decided that, in case a single objection was made to Hearst's vote on any proposition, it would be the duty of the majority to declare his seat vacant.

Trotting Race.

On August 8th, a week from Sunday there will be a trotting match at Sweeney's race track between Circe's black mare, George Hark's black pacer and Nobe Jellerson's bay mare for a purse of \$75 to which Sweeney adds \$50. The entrance to the track will be 25cts. The heats will be best three out of five. This will be a very exciting race and a good deal of money is already going up on it.

Reason it Out.

Suppose you are about to enter London, or some great metropolis. You are a stranger going there to buy goods for yourself or family. You will probably be reasoning in this wise.

"I do not know where to buy. I am unacquainted with any store. But I shall try and find the largest establishment. For where the most people choose to buy, there the general styles and assortments will be the most satisfactory and prices the lowest. It must be so, or else such a concern would not attract the largest trade. Still there is this difficulty: I do not know the value of all I wish to buy. I may be charged more for some things than other people, who are better posted on prices. Therefore, I shall be careful to ask if this largest establishment has a secret way of marking prices, permitting salesmen to charge me as much as they think I will pay, or whether its prices are put in plain figures, insuring me as much for my money as gets its most favored customers."

A parallel to the above is found in the fact that thousands of people, all over the Pacific Coast, are now looking to the large city merchants for their supplies, but do not know where, or how to send.

Will not the same course of reasoning hold good in both cases? If so, why not place your trade accordingly? DEAL WITH THE LARGEST ESTABLISHMENT.

The stock of our house includes nearly a hundred different lines of goods, and because its business methods have always afforded protection to inexperienced, or absent buyers, this, the eleventh year from the acorn, finds it a thriving oak of vast proportions, its trade reaching into every town and hamlet, from Montana to New Mexico.

What has thus grown to be a center of interest to so many thousands of buyers may be of DIRECT INTEREST to you.

If you send your name and address we will mail FREE a copy of our large Illustrated Catalogue. It gives full information about goods, styles and prices, and how to order. It is worth having as a book of reference, whether you choose to order goods of us or not.

Anything, to be worn anywhere, by any one, in any station in life, we keep. Goods not sent as ordered may be returned at our expense. Address,
